

PROFILES IN LEADERSHIP DINNER OCTOBER 19, 2023 | WASHINGTON, DC

Annually, WPLN convenes women leaders who run the state-based nonprofit organizations from across the country that make up our State Partner Network, each of whom is dedicated to training women who take a commonsense, pragmatic approach to policy solutions to seek public office at all levels. The State Partner Retreat is an opportunity for these leaders to share successes, address challenges, and learn best practices to continue building impact in their communities.

A critical part of this retreat is our *Profiles in Leadership Dinner*, an exclusive event for WPLN supporters to meet these nonprofit leaders and other women from our national network, learn about our ongoing efforts, and share insights. On Thursday, October 19, 2023, WPLN will host our annual Profiles in Leadership Dinner in Washington, DC. The location and keynote speaker will be announced in summer 2023.

Becoming a sponsor of this event guarantees access to current and future public and nonprofit leaders in an intimate environment, giving you an opportunity to share your priorities with our network. Women's Public Leadership Network is a registered 501(c)(3) nonpartisan, nonprofit organization. Sponsorships support our ongoing leadership development programs for women across the United States.
